## November Meeting River Valley W.M.S.

On the usual date everyone was welcomed at the home of Mrs. Alex Bush for the monthly meeting of River Valley Woman's Missionary Society. Fifteen members, three visitors and four children were present. The opening hymn, "Fight the Good Fight," was followed by the Lord's Prayer in unison. The President gave a thought for the day. The usual business procedure was conducted, during which a letter from Stirling W.A. was read. The group voted to join with them for their Christmas meeting.

Everyone please remember to bring their miteboxes to the December meeting. The Christmas boxes were left in the hands of the executive. The offering was received and dedicated.

Helen Brooks had charge of the

programme, the theme being "Peace." Following the call to worship, all joined in singing the hymn "Hast Thou Not Known." All joined in prayer. Grace Bush read the Scripture lesson, Romans 8: 14-39 and Helen Brooks had the meditation.

The hymn, "O Lord of Life and Love and Power" and the benediction brought the worship service to a close. All answered the roll call with a Bible verse containing the word "Peace."

Fanny Kane gave a reading, "In Remembrance." The poem, "Your Church and Mine," was given by Flossie Irvine. Everyone enjoyed the musical selection by Gladys Conley.

A selection, "Religion in Life," written by Padre Young, was given by Marilyn Brooks. "Your Money," was read by Bessie Bush.

Mrs. Chard gave an account of the study book. Communities now need our Church more than ever. The

Church is the hub of the community. The Church is not the building but the people in the congregation. Every one repeated the benediction.

All enjoyed a delicious lunch and social hour. Mrs. Lansing moved a vote of thanks to all.

## Fire Chief Fox Says "Keep Christmas Firesafe"

There's more than one way to get your name in the news according to Fire Chief R. E. Fox but the way not to do it is through stupidity or carelessness — and ending up a fire casualty.

"It's plain common sense to be more alert about fire dangers when you get ready for the winter holiday season," says Chief R. E. Fox. "Often heating systems are faulty. When

they're pushed hard in the cold weather, any weakness in the equipment or installation may show up — sometimes with destructive results. To keep down fire dangers you should have your heating equipment cleaned and checked periodically.

"Many of our traditional Christmas customs — trees, colored lights and decorations also become fire hazards. Sometimes a combination of active children and preoccupied parents brings the one moment of carelessness which is all that fire needs. This Christmas season, if you're in doubt about a possible fire danger in your home, or want guidance on fire protection for your family, please contact us at the fire department," says Chief Fox. "Keep Christmas safe for the family... FIRESAFE!"

And here are a few fire department tips on safety you should know:

Pick a fresh-cut Christmas tree — one whose needles don't shed freely. Keep the tree trunk in water as long

as the tree is in the house. Support it well and never locate it where it might cut off your escape in case of fire. Put the tree out of the house as soon as possible after Christmas.

Check the strings of Christmas lights for frayed wires, loose connections and broken sockets. Never use open flame candles on or near the tree. Make sure tree lights are turned off before going to bed or leaving the house.

Watch your smoking habits around the Christmas tree — a lighted cigarette or match can start it burning. And most important of all — You must safeguard the lives of all family members in case of fire. To be prepared — the best action is to make emergency plans today, before any possible fire and panic occurs.

Average life of a Canadian \$1.52 or \$5 bill is only one year; larger denominations last longer, and a \$100 bill lasts 15 years.

## Ontario Diocesan Woman's Auxiliary

St. Luke's Parish Hall, Kingston, was the setting for the special St. Andrew's Day meeting of the Ontario Diocesan Woman's Auxiliary.

The President, Mrs. W. F. H. Mitchell presided and the Rev. H. C. Secker conducted the devotional period.

Mrs. S. G. Jackson, of Brockville, introduced a most interesting and busy guest speaker, the Very Rev. W. J. Gilling, Rector of James Cathedral and Dean of Toronto. Dean Gilling is not a stranger in this Diocese as he served in the mission parishes of Bob's Lake and Crow Lake during the "hungry thirties" when the collection in the churches averaged two cents a person.

Dean Gilling at the present time is deeply engrossed with preparations for the Pan-Anglican Congress, which is being held in Toronto, August 13th to 23rd, 1963. As secretary of the programme committee, his work encircles the globe. The Archbishops of Canterbury and York, Bishops from India, South Africa, Australia and the United States, to name a few, will be in attendance.

The first Congress took place in London in 1908 when a record crowd of 10,000 people participated. The second one in Minneapolis, was held in 1954. The forthcoming Congress whose theme is "The Church's Mission to the World" was originally planned to take place in Japan; but Bishop Yashiro felt that the Church could not bear such a heavy financial burden, or be able to provide the necessary accommodation. Canada then accepted the honour of being host; and wonderful co-operation has been shown by the Royal York Hotel and the University of Toronto. The Royal York have generously offered the vast Canadian Room, as well as the ten Provincial Rooms, all free of charge. The University in turn is allowing the Congress to use their buildings, and also residences to house out-of-town delegates.

The Congress will officially open with a reception at the Royal York, followed by a Missionary Service in the Maple Leaf Gardens. Truly outstanding speakers will be heard, and interested persons would do well to be in attendance. The Dismissal Service at which the Archbishop of Capetown will speak, will be held in St. James Cathedral.

A vast undertaking such as this should and must have the complete support of all Anglicans in Canada to ensure its success. The Dean impressed this on all present and hoped that many members of the W.A. would attend at least one of the great services; and also follow the proceedings closely.

Mrs. Mitchell thanked Dean Gilling for giving us so much of his valuable time. The Benediction was pronounced by the Dean.

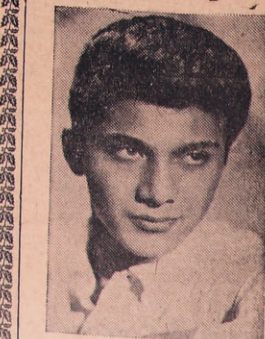

Mrs. C. W. Wolfe, President of St. Luke's W.A., and fellow members served afternoon tea.

## Former T.B. Patients Still Need Care

There are between 200,000 and 250,000 former tuberculosis patients in Canada. As the deaths from tuberculosis drop the number of former patients rises. There are still more than 7,000 new cases entering sanatorium each year, there are still nearly 13,500 re-admissions of former patients. Therefore there is just one conclusion; each year we add a few thousand former patients to the population. All these must be carefully watched for reactivation for they are potential sources of infection.

The liquid from boiled or canned vegetables, called "vegetable stock," contains important vitamins and minerals. Save it for use in soups and gravies.

**"MY BANK"**  
TO 2 MILLION CANADIANS

Who is our  
**3 millionth**  
customer?

A housewife in Hamilton... a youngster in Yarmouth... a farmer in Fruitvale?

Frankly, we'd just be guessing. This year our total customers soared above the three-million mark. But which new customer in our network of 875 branches was the one between 2,999,999 and 3,000,001, we have no way of knowing.

But we do know our 3-millionth customer will probably use the B of M in many ways... to save for the things he wants, to finance his automobile at low cost, to pay his household bills and to keep his valuables safe.

If he is a businessman, he might use Canada's first bank to finance his day-to-day operations, to pay his employees, to collect and remit money the world over... if he is a farmer, "MY BANK" might be called upon to finance new trucks, modern barns and labour-saving electrical equipment.

He's very important to us, that 3-millionth customer. Never before in our long history have we been privileged to serve so many. We number with a good deal of pride those three million expressions of trust from people who call the Bank of Montreal "MY BANK".

## The Food Basket

Consumer Section Marketing Service  
CANADA DEPARTMENT OF AGRICULTURE

### AT THE MEAT MARKET

Meat, carefully cooked, is appetizing and satisfying. It furnishes the high quality proteins, B complex vitamins and important minerals essential for health at any age. A large part of the money we spend on food goes for meat and this warrants wise and careful shopping.

In order to buy meat to the best advantage, the Consumer Section, Canada Department of Agriculture, Ottawa, suggests that you:

Take advantage of seasonal supplies. Although beef is fairly steady in supply, pork is usually more plentiful in winter; veal in spring; domestic lamb from September to Decem-

ber. These meats are most likely to be lower in price during these particular seasons.

Watch for "specials" at local meat counters and through advertisements in newspapers.

Consider the approximate number of servings in a pound of meat:

- Boneless roasts — 3 to 4
- Bone-in roasts — 2 to 3
- Steaks — 2 to 3
- Chops — 2 to 3
- Stew Meat (boneless) — 3
- Stew Meat (bone-in) — 2
- Ground Meat — 3 to 4
- Cold Cuts — 8
- Liver — 3 to 4
- Kidney — 3
- Heart — 3 to 4

### Tongue — 2

Figure the price per serving from a pound of meat. The price of meat may seem relatively low when given per pound, however it can become fairly high when figured per portion. Take for example, steak. We average 2 to 3 servings from a pound of steak. But certainly round steak with little fat and only one small round bone will serve more people per pound than T-bone steak. Again a leaner cut of meat is likely to give more servings per pound than an extra fat cut as the latter can lose more than 30 per cent of its weight in cooking.

Know the various cuts of meat and from what part of the carcass they are taken. This is especially important for women who shop in self-service stores.

Select the cut best suited for your budget and for your recipe or intended use. You can't make prime ribs from a chuck but you can make a very delicious pot roast from it!

## OF MANY THINGS

(By Ambrose Hills)

### COMPASSIONATE UNDERSTANDING

I'm an old cynic, leery of dogooders, inclined to go along with the philosopher Emerson, who said that the worst of charity is that the lives you are asked to preserve are not worth preserving; but there is a work going on in Manitoba which I believe merits financial support.

This work is being done at The Harbour Light Centre in Winnipeg's skid row, for the rehabilitation of alcoholics. It is run by the Salvation Army with most of the counselling done by men who were themselves afflicted with alcoholism but found a way out.

There the alcoholic who wants to find a new life is given compassionate understanding, physical and mental health treatment, and finally — and most effectively — spiritual help.

I talked to the little doctor who goes there to work for free, a dedicated man who is no doubt neglecting his own practice to do this service, but is getting rewards of another kind — a deep sense of spiritual satisfaction few persons ever experience. His face lights up when he tells you about drunks who got well again. They are, he says, almost invariably above-average persons who have somehow taken the wrong path. He helps them, physically; the Army attempts to give them a spiritual rebirth.

"What would you like said about this?" I asked the doctor. He is an idealist, but a tough, practical citizen at the same time. His answer was, "Say the all-important thing — it works. Many of these alcoholics are re-born, they live useful lives, they bring joy and happiness to persons and places where they once brought fear and misery. And you'd better add," he continued, "that we need money."

Okay, Doc, this is a plug. I never thought I'd use up space for plugging a charity, because I firmly believe there is too much wasted giving, too much government spending along these lines, which does little good, and sometimes harm. The best charity is the individual kind, where one gives a bit of himself along with his money to

someone he knows merits help. But you sold me on this deal, doctor! I saw ex-drunks looking like new men, with a glow about them that couldn't be found without a spiritual experience. I saw men whose hands were shaky, but whose eyes were steady and full of hope. These are men who are no longer whining that society owes them a living; they are re-born men who know they owe a great deal to society.

I think too much money might spoil this work, lead to empire-building rather than soul-building. But there's not much danger of too much being heaped upon them. Any person who sends some money to The Harbour Light Centre, 221 Rupert Avenue, Winnipeg, can be sure that it won't be wasted on bureaucratic administration or ballyhoo, but will really help men who are worthy of help.

## The Good News

(a sermon by Rev. R. Donnan)

Everyone likes to hear "good news." Suppose a messenger boy were to rush into your home at this very moment and give you a telegram. I could perceive whether the message was good news or bad news by the expression on your face. If it was good news your face would light up as you read it. You would believe it and tell everyone of the good news which you received. Imagine the joyful expression on the face of the thief who hung on the cross beside Jesus, as Jesus turned to him and said, "Today, shalt thou be with me in Paradise." It was good news. Missionaries tell us that one of their greatest thrills is to watch the expressions on the faces of the heathen as they hear the Gospel for the first time. They tell us that their faces shine as they hear the Gospel and receive it into their hearts. The Gospel is good news. Suppose Governor Rockefeller were to receive a message concerning his boy. We could certainly tell whether it was good news or bad news.

One day Jesus was walking into the City of Jericho, as usual the multitudes were making a great noise. A blind beggar heard the noise and asked someone why the people were making such a noise. The answer came back to him, it was good news to him. His heart began to beat faster as he cried out, "Jesus of Nazareth, have mercy upon me." It was good news to him because he knew if he could only receive a touch from Jesus, he would see again.

The angels brought good news to the lonely shepherds as they watched their sheep on the hillsides of Judea. "Behold, I bring you 'Good Tidings' of great joy which shall be to all people. For unto you is born this day in the City of David a Saviour." They believed the "Good News" and journeyed into the City.

What is the Gospel? In I. Corinthians 15: 1, Paul says, "I declare the Gospel unto you." "For I delivered unto you first of all that which I also received, how that Christ died for our sins, and that He was buried, and that He arose again the third day according to the Scriptures."

First, the Gospel is Good News because Christ died for our sins. The Word of God tells us that the wages

of sin is death. Therefore, Jesus, in taking our sins upon His ownself, had to pay the penalty for our sins, which is death. His life was not taken from Him. He laid it down that we might not have to suffer the penalty for our sinning.

Secondly, the Gospel is Good News because He was buried. Most people fear death and the grave. Death is an enemy of mankind. The death angel stalks into our homes and tears loved ones from our embrace, but I have "Good News," Jesus conquered Death. He robbed death of its power. He took the sting out of death, and put it into His own bosom. You might say, "Why is this Good News, we still die." Listen, herein lies the secret. You must know Jesus as your own Personal Saviour. You must be ready to die. If you are prepared you have nothing to fear because Jesus said, "Because I live ye shall live also." Just as Jesus arose from the grave, triumphant and victorious, so one day He will resurrect those who have lived for Him.

The Gospel is "Good News" because Jesus forgives sin. If you don't repent of your sin and evil doings, you will face the judgment and wrath of God. The Bible says "It is a fearful thing to fall into the hands of a living God," but I have "Good News," the Word of God says, "If we confess our sins, He is faithful and just to forgive our sins and to cleanse us from all unrighteousness."

Jesus said, "He that heareth my 'Good News' and believeth on Him who hath sent me, hath everlasting life, and shall not come into condemnation but is passed from death unto life." Believe this "Good News" now, take Christ as your own Personal Saviour and you too will pass from death unto life.

The Gospel is wonderful because it works. It has changed and transformed millions of lives. The song writer said "Though millions have come, there is still room for one, there is room at the Cross for you. Will you come now?"

## NEWS FOR THE BUSY FARMER

### POOR VENTILATION FAVOURS POWDER POST BEETLES

Cattle will soon be coming into winter quarters, and some of them will be killed by the stable ceiling collapsing on them.

Why do stable ceilings collapse? Besides overloading, there are two main causes — poor ventilation and powder post beetles.

In a poorly ventilated stable, the moisture given off by respiration condenses on the cooler walls and ceiling; this situation is ideal for the growth of organisms which produce rotting of wood. The temperature is high and the contained moisture on the outside of the timber soon starts mould growing.

Remember that a dairy cow breathes out between one and two gallons of water every day. In a forty-cow herd, this could amount to eighty gallons of water being absorbed by the air —

and much of it condensed on the ceiling and walls.

Good ventilation gets rid of this excess moisture (and also removes stable odors and keeps the temperature down to a more healthy level for the livestock). With this moisture removed, moulds cannot grow on the wood, and the life of the barn — and its occupants — is increased.

Powder post beetles can make hollow shells out of timbers that at a casual glance from the outside appear to be sound. The beetles burrow inside timbers and leave a small deposit of sawdust in their wake. Eventually they may riddle timbers so thoroughly that a light load may snap them.

Powder post beetles can be controlled by fumigation, but the most practical method is to use a spray. Ontario Department of Agriculture Publication 140, "Powder Post Beetles," outlines the habits of this pest

in detail, and supplies control measures. A copy is available at the office of the Agricultural Representative.

### HOT SOUPS FOR COLD DAYS

Chilly days and icy, northern blasts will soon be here again. Consequently, it becomes increasingly important to make sure your family is well nourished. Hearty, hot cream soups made with fresh milk and wholesome Ontario grown vegetables can provide a main dish for lunch which will make the youngsters clamour for more.

Why not make this nourishing cream of tomato soup for lunch today? Both children and adults need the valuable protein, vitamins and minerals it will provide, advises the Food and Nutrition Department of Macdonald Institute, Guelph.

#### Cream of Tomato Soup

**For Four**  
Melt 4 tablespoons of butter in the top of a double boiler. Stir in 4 tablespoons pastry flour, ½ teaspoon sugar, 1 teaspoon salt and a few grains pepper. Blend until smooth. Gradually stir in 2 cups tomato juice or canned tomatoes. Cook over hot water, stirring constantly until thickened, continue cooking for 15 minutes. Then add 2 cups cold whole milk, all at once. (Combining ingredients in this way prevents curdling.) Bring to serving temperature over hot water.

For variety, a little grated onion may be added with the tomato juice.

Children will enjoy it served in mugs with a little popcorn floating on top. Other garnishes might include grated cheddar cheese, crumbled egg yolk, chopped parsley, or unsweetened whipped cream.

### Cooking Comments

Study the labels of canned food, advises the Foods Department of Macdonald Institute, Guelph. Food value does not decrease with the grades. Compare the prices: "Standard" grade should be cheaper than either "Choice" or "Fancy." Choose "Fancy" quality for special purposes, such as salads, where the shape and uniformity of the pieces count. Contents of cans labeled "Choice" are high in flavour and tenderness, but are not as uniform in size and color. Fruits labeled "Standard" save you money when used for puddings, frozen desserts, or gelatin dishes, where the appearance of whole fruit is not important. Vegetables of this quality can be used in soups, in gelatin salads, and in scalloped dishes.

When making muffins, stir only until the liquid and the dry ingredients are barely mixed. Over-mixing causes peaks and tunnels, warns the Food Department of Macdonald Institute, Guelph.

### What Others Say

#### OUR CRIPPLING GOOF-OFF COMPLEX

(Kitchener-Waterloo Record)

"All of us are workers whether we tote a briefcase or build tires. And all of us bear a share of the guilt for the goof-off complex that is crippling the Canadian economy.

"Ask any employer. The automatic pay increase has become a plague, but most employers would be willing to live with that if there was just the occasional sign that employees were interested in doing a full day's work for a day's pay.

"Instead, Canada's factories, stores, mines, mills and offices have been semi-crippled by the marathon coffee break, the half-hearted, half-speed effort, the come-late, leave-early attitude.

"It's appalling that so many Canadian workers can be so stupid as to think that they're merely bilking the boss when they short-change their jobs. They're bilking themselves, their community, their country.

"Somebody has to pay and the loafing becomes part of the price of every product and every service. And it is a millstone about the neck of Canadian products fighting for foreign markets.

"The problem, of course, is that it doesn't take many goof-offs to gum up a plant or office. A couple of clowns start dogging it and sooner or later a couple of colleagues start wondering why they should be fracturing themselves. And a chain-reaction sets in.

"Translate that into trans-Canada terms and you've got a good part of the answer on what's wrong with the economy.

"It's time we Canadians awoke to the fact that there is no platinum-paved path to prosperity. It's rocky and uphill all the way. And, alas, it involves work.

"We can talk ourselves red, white and blue in the face about the U.S. inroads on our economy. We can moan and groan about the immigrants and their wall about unfair foreign competition.

"But when all the chatter, moaning and groaning, weeping and wailing is

over, it will still leave us more sinned against than sinning. Canada has been amply blessed with resources. Give another people the same opportunity and what would they do?

"They'd work with some of the old root-hog-or-die spirit that 94 years ago made this geographical paradox into a nation."

### President of Bank of Montreal Addresses Annual

Holding prices down and increasing productivity should be Canada's objectives in the face of intensifying world competition and changing market alignments, according to G. Arnold Hart, president of the Bank of Montreal.

Mr. Hart told the bank's 144th annual meeting on Monday, December 4th at Montreal that this country should follow the European example in developing greater co-operation among labour, management and government towards these paramount aims.

Shareholders also heard R. D. Mulholland, vice-president and general manager, report business to October 31st at a record level, with growth in assets of \$464 million, which represented "the largest increase ever experienced in a year by any Canadian bank." This expansion brought the B of M's total resources to a figure just below the \$4-billion mark. 3,000,000 Customers

Mr. Mulholland also noted that the B of M is now banker to more than 3,000,000 Canadians from coast to coast, with the number of deposit accounts increasing 134,000 in the year.

Mr. Hart said that while business has shown signs of increased activity in the past year, the pace of recovery from recession "still falls short of the rate of growth we would wish to see." He added that Canada today lives under conditions of "managed money," so that it should be recognized that Canada's fiscal and monetary policies must be closely interrelated.

In the future, he hoped that "level-headed commonsense" would prevail in management of the money supply, with flexibility as the key.

Even so, Mr. Hart believed, "there is no monetary formula that will, in itself, create wealth," nor can there be a substitute for the "technical skill and energetic salesmanship required in an increasingly tough competitive trading environment."

#### Positive Approach

Advocating a positive approach to new problems for Canada caused by the European Common Market, the B of M president said the stimulus to economic expansion likely to follow Britain's entry and the consequent greater demand for Canadian raw materials, might well in the long run offset other disadvantages.

In any event, he continued, Canada can "reap nothing but disappointment from taking a negative attitude in our international dealings," so that "we should be active in meeting the competition, and in adapting our-

elves..."

#### Progress Noteworthy

Reporting "noteworthy progress" in a year when monetary conditions were "appreciably easier," Mr. Mulholland presented a statement showing new records in almost all areas. Assets rose to \$3,950 million, deposits to \$3,547 million, loans to \$1,934 million and investments to \$1,107 million, he said, while earnings were \$14,578,817.

Expenses rose substantially during the year, due mainly to increased interest paid to depositors and to increased salary costs for the larger staff needed to handle the rapidly increasing volume of business, Mr. Mul-

holland said.

#### 887 Offices

Forty-five new B of M offices were opened during the year, bringing the October 31st figure to 887 at home and abroad.

Loaning services to the small business borrower have been readily available, including loans under provisions of the new Small Business Loans Act, and advances by the bank to farmers also rose to new records. The general manager also reported expansion in the B of M's international business and in operations of its affiliate, the Bank of London and Montreal, in the Caribbean and Latin America.

# TIPS ON HOW TO HELP PREVENT THE SPREAD OF MASTITIS

Mastitis has become one of the most costly problems in a dairy herd. To help prevent it, and add profit-making years to your cows' lives, we suggest:

1. Before milking, wash udders with warm water and Purina Disinfectant or Purina Iod-Dairy.
2. Use strip cup regularly.
3. If you use milking machines, do so carefully.
4. Dip teat cups in solution of Purina Disinfectant or Purina Iod-Dairy before milking each cow.
5. After milking, dip each teat in Purina Disinfectant or Iod-Dairy solution.
6. Milk your Mastitis-free cows first.
7. Keep your barn floor clean, disinfect once a week.
8. Use plenty of dry bedding.

9. Don't crowd cows into stalls that are too small.  
10. Keep obstacles which might injure udders out of barn and barnyard.  
If you are interested in increasing your milk yield by up to half a ton per cow, give me a call, or drop in at our Store with the Checkerboard Sign. I'd like to tell you Purina's Dairy Program.

### Sine -- Heasman Wedding At St. Paul's

White candelabra, with tall white candles, calla lilies, lily of the valley and fern provided the setting for the marriage of Miss Elva Grace Heasman and Mr. Cameron Ray Sine at seven o'clock Saturday evening in St. Paul's United Church, Stirling.

After the bridal party assembled all sang the hymn "O Father All Creating." Rev. P. J. Hommersen, B.A., B.D., officiated. Mrs. Harry Brown was organist and Mr. Lester McIntosh, of Toronto, was soloist, rendering the "Wedding Prayer" and "O Perfect Love."

The bride is the daughter of Mr. and Mrs. Geo. Heasman, R.R. 4, Stirling, and the groom is the son of Mr. and Mrs. Alton Sine, R.R. 2, Frankford.

Given in marriage by her father, the bride wore a floor length gown of white velvet, fashioned on princess lines, the skirt flowing to a chapel train. The bodice featured a white fur neckline and long lilypoint sleeves. Her three-quarter length veil of tulle was edged with white velvet ribbon and fell from a rhinestone tiara. Her bouquet was a double ring arrangement of a red cabbage rose, calla lilies and holly.

Her attendants were her sister, Mrs. David Little, as matron of honour; her sister, Mrs. Chesley Howell, and Miss Barbara Woodbeck, as bridesmaids, and Miss Betty Sine, sister of the groom, as junior bridesmaid. All attendants were gowned alike in floor length crimson velvet, with full skirts. They wore white fur halo headresses and carried white fur muffs trimmed with a single red cabbage rose.

Mr. Robert Mallory, R.R. 2, Frankford, was best man, and the ushers were Messrs. Wayne Read, Peter Heasman and Grenville Sine.

Following the ceremony, a reception was held in the Church parlours where the bridal table was daintily appointed with the traditional white damask linen and centred by a three-tiered wedding cake topped with a tiny crystal vase of red garnet roses and fern.

The bride's mother received the guests in a taupe figured wool gown, with gold and brown accessories, and corsage of gold coloured roses. She was assisted by the bridegroom's mother who chose a gown of royal blue crepe with blue and black accessories and corsage of red garnet roses.

The members of St. Paul's W.A. catered for a hot turkey supper. Mr. Howard Richards acted as master of ceremonies for the toasts.

For the wedding trip to New York City, Florida and other southern points, the bride chose a brown wool suit, green and gold accessories and Cape seal coat with mink collar.

Guests attended from Toronto, Brockville, Islington, St. Ann's, Chipewawa, Frankford, Belleville, Foxboro, Beamsville, Trenton, Norwood, Warkworth, Kingston, Thomasburg and Stirling.

They will reside on the groom's farm on the 6th Concession of Sidney, Frankford R.R. 2.

### Local High School Win Volleyball Championships

(By Anne Reid)

The volleyball season is over and what does Stirling have to show for it — three championships.

The senior volleyball team began their regular schedule with some skill and a great deal of determination to win. The district teams were well matched with Marmora, Tweed and Madoc giving Stirling stiff competition. Losing one game to Marmora the senior team was determined to defeat them in the last game of the schedule on October 31st. Even though it was Halloween there was no jinks on the Stirling team for they won the game by eighteen points, giving to Stirling the C.H.S.S.A. championship.

Advancing to O.S.D. Belleville, for the Bay of Quinte trophy, Stirling had to meet Brighton, Campbellford, Nich-

Olson Collegiate and Albert College. Making a complete sweep of these teams, Stirling advanced into a three-way tie for top honours with Tweed and Madoc. Madoc won the bye into the finals, the match between Tweed and Stirling would provide their competition. Excitement reached its peak in this series for by the third match both Stirling and Tweed had won a game. This was the "do or die." It was a "do" for Stirling for when the final whistle blew Tweed was defeated and Stirling was in the finals. Gaining confidence from this series the Stirling team was able to defeat Madoc in two games, bringing to Stirling the Bay of Quinte trophy.

On Saturday last the finalists from the Bay of Quinte met at Nicholson Collegiate to try for the Central Ontario Championship. Defeating Ajax and Bancroft Stirling was left in the final series with its most lively and skillful opponent — Madoc. This was a repetition of the Tweed-Stirling series for both teams won a game to make a final and deciding match necessary. Spurred on by the promise of the Students' Council to pay for our supper if we won, the Stirling team drove to a victory over Madoc and to the C.O.S.S.A.

Members of the team were: Louise Harding, captain; Carol Beckett, Shirley Floud, Joan Fraser, Elaine Lindenfeld, Bonna Dracup, Linda Morrow, Anne Reid, Gwen Coombes, Edith de Jong and Mary Ellen Warren. Coach is Miss DeCarlo.

### THE BIBLE TODAY

For many years the second Sunday in Advent has been designated as Bible Sunday on which the emphasis has been laid of the centrality of the Scriptures in the Christian faith and the place of the Bible Societies in the distribution of the Scriptures throughout the world. This year

### Dear Santa:

We know how busy you must be at this time of year trying to do all the Christmas shopping for the boys and girls, the mummies and daddies and the grandparents too; particularly with only 14 shopping days left. Could we be of some help by making some suggestions?

There are many types of rings and watches, yellow or white gold, with or without diamonds, daintily designed for mom and sturdily built for dad. Most everything available in emblematic jewellery for lodges or service clubs. Dresser sets and jewel boxes are always acceptable for the ladies. A beautiful new shipment of Cross and Olive cut glass has just arrived. Expansion bands, lighters, travalarm clocks, cups and saucers and bone china floral centres, cuff links, razors, binoculars, costume jewellery, men's wallets and travelling cases.

These are a few of the many items which we will gift wrap at no charge to help you out at this busy time. Hope this will be of some help Santa.

Bye for now

GENE

P.S. — I nearly forgot one of the loveliest gifts (so they tell me) is a beautiful diamond ring in either Bluebird or Columbia — insured free for one year — and we have them at practically all prices. Guess this is all for now.

E. B.

### Burrell's JEWELLERY

"FOR A GIFT YOU GIVE WITH PRIDE LET ME BE YOUR GUIDE"

We would appreciate if any watch, clock or jewellery repairs that are not considered urgent be left until the New year.

Bible Sunday falls on December 10th. The whole Anglican Church and the Salvation Army in Canada are officially observing this Sunday. The churches in the United States are also keeping Bible Sunday. This Sunday is also kept in England and on the Continent.

The Canadian Bible Society assists the churches by issuing literature on the spread of the Scriptures throughout the world. Many Churches and individuals make special gifts for the work on this occasion.

A marked increase in interest in the Bible and its message for the troubled world of today is reported from all over the world. At the present time the Bible Societies of the world are hard pressed to meet the minimum need of the

churches for more Scriptures in more languages.

## G. Gordon Bailey Re-Elected President Cheese Producers' Assoc.

### Resolution Favours Gov't. Assistance for Construction Milk House and Equipment

At the annual meeting of Hastings County Cheese Producers' Association held in Ivanhoe Hall, on Monday, G. Gordon Bailey, of R.R. 1 Stirling, was re-elected to the office of President. Geo. Wood, Ivanhoe, was re-elected Vice-President and Percy Ray, Halloway, Secretary-Treasurer.

The Township directors are: Sidney, Glenn Bush; Thurlow, Don Sills; Tyndinaga, Ray Clarke; Rawdon, Lindsay McKeown; Huntingdon, L. Blakely; Marmora, J. Bell, and Madoc, Stanley Franks.

Fred Beckett, of Wellman's, was chosen auditor and delegates to the annual Provincial Conference in Toronto next month are Glenn Bush, Percy Ray, Gordon Bailey, G. Wood, L. McKeown and Stan Franks, alternate.

J. C. Palmer  
Guest Speaker

Guest speaker for the afternoon was John C. Palmer, Associate Director of Dairying for the Ontario Department of Agriculture, who spoke on the proposed milk marketing plan.

To have the plan successfully introduced, however, good leadership was needed and the plan would have to be brought in by the producers themselves. There was no room for three or four different plans and any plan to be successful would need a lot of agreement on the part of producers in the various branches of the industry.

Mr. Palmer said milk quality would be one of the most important parts of any milk marketing plan. Milk producers would be classed into "A" and "B" categories.

### Must Raise Standard

One of the aims of any milk marketing plan would be to raise the standard of milk so that it would be acceptable on any market, and the speaker assured this would not come overnight.

Class "A" standard would be the same as that called for on the part of the fluid producer. A milk house would be mandatory while cooling equipment capable of bringing milk to 50 degrees would also be necessary.

Whitewashed and well ventilated stables would be necessary to assure clean milk flavour.

Department fieldmen would have a much bigger job in carrying out inspections if a marketing plan was brought in, but at the same time Mr. Palmer assured fieldmen were prepared to assist producers in every way possible.

Summing up Mr. Palmer said that quality milk was simply good milking procedure along with cleanliness and sanitation.

Mr. Arnold Johnston, Secretary of the Ontario Cheese Producers also spoke briefly and reviewed the development of the cheese factory in this country. He said government supervision and financial assistance had aided Ontario cheese becoming world known.

During the heyday of the cheese industry as much as 200,000 million pounds of cheese were shipped annually to the United Kingdom where the British are still prepared to pay a premium of from 25 to 50 percent for top quality Canadian Cheddar.

This year about 20,000,000 pounds of cheese were shipped to the United Kingdom and more could have been sold if it had been available.

The speaker told what had been done with government co-operation to assure Canadian cheese producers a better price for cheese this year.

Fieldmen E. W. Henderson and William Moore spoke briefly emphasizing the importance of milk quality. Former dairy inspectors George Polard and John Wilkinson were also heard, the former noting that despite modern equipment difficulty was being experienced in maintaining the cheese quality established during the early days of the industry.

During the meeting, which was attended by about seventy producers, a resolution was passed seeking financial assistance from the government to assist in the construction of milk houses and milk cooling equipment.

### Instal Officers

## Stirling Cubs Hold Annual Christmas Party

The annual Christmas Party and Parents' Night, sponsored by the local Cub Pack, was held in the High School on Monday night. There was a large crowd in attendance, including Cub Leaders from Norwood, Marmora and Belleville.

The programme opened with the singing of "O Canada," followed by the Grand Hymn and The Lord's Prayer. Joe Irish led in singing Christmas Carols and Sonny Farrell and Doug Faulkner warmly welcomed the parents.

She has worked in ten different Cub camps and since 1956 has been the leader in charge of the Stirling camp.

The evening concluded with the camp fire and treats for the Cubs and small children. The closing prayer was given by Rev. F. F. Downing, Rector of St. John's.

## Mrs. C. Gay Hostess for Stirling Women's Institute Christmas Party

The December meeting of Stirling Women's Institute was held at the home of Mrs. C. Gay on Wednesday afternoon in the form of a Christmas party.

Mrs. Reid, presided. "What I like most about Christmas" brought out many lovely thoughts for the holiday season. At this time a Christmas treat of sweets was passed around. This was sent by Mrs. L. Rodgers, of West Hill, and was greatly appreciated and proved very appropriate for a yuletide party.

Mrs. West gave a report on the sales of used clothing sent to the Scott Mission, Toronto. It would be so gratifying to all concerned if they could see the quantity and quality of clothing donated to Stirling W.I. from hosts of kind hearted people from the village and surrounding community. The donations included clothing for all ages, as well as footwear for the same, and the whole was valued at over \$300.00. It is so fitting for folks to share at this time of the season and it is the wish of Stirling W.I. members that each contributor of a large or small donation receive an extra blessing for their kindness to others; also a special word of appreciation to Myer's Transport, who so generously donates the transportation of these sales to their destination.

Mrs. Morley Ayhart and Mrs. Arthur Scott have recently donated completed quilt tops which were sewn neatly and with pleasing colors. It is the good in people that we want to tell to others. This makes dark shadows turn into glowing sunshine and makes living much more worthwhile.

For the Citizenship and Education topic it was suggested that each contribute a clipping towards these standing committees.

The January meeting will be a week later on the 10th with a turkey dinner at the home of Mrs. W. C. West in the afternoon. The out-of-town members have had special invitations sent them to attend this dinner.

Other items of correspondence were laid over till next meeting or when an executive meeting is called.

A well prepared report of the Area Convention held in Belleville, was presented by Mrs. F. Smith, this was very interesting and thanks was extended to Mrs. Smith by Mrs. L. Bronson.

Mrs. W. C. West read several verses from a book of Christmas poems, "Kitchen Memories of Mother" and "Recalling Christmas." Many thoughts of our childhood Christmases were recalled during the reading of these verses.

Stories of famous hymns were given

by Mrs. L. Bronson. Choosing "Silent Night, Holy Night," the speaker said this hymn was composed by a minister born in Austria in 1792. Being enchanted by the lovely evening, the sky with a full moon and plenty of stars for companionship, he gazed at its beauty as he walked home from a church supper. He put together line after line until three verses were completed. The next day he contacted the organist of his church and he in turn set the music tune to these beautiful words. On Christmas eve 1813, this lovely hymn received its first introduction to the world.

The singing of the Queen, followed with the Lord's Prayer. All were invited by the hostess to the dining room where the table with its lace cover and Christmas decorations was laden with delicacies. Mrs. B. Reid returned thanks. All enjoyed the goodies. At the close Mrs. W. C. West graciously moved a vote of thanks to Mrs. Gay for her home and all the work entailed to make such a lovely 1961 Christmas party.

### Hostess To Wellman's W.A.

The December meeting of the Wo-  
men's Association of Wellman's Unit-  
ed Church was held at the home of  
Mrs. Gerald Clancy.

The opening feature of this gather-  
ing was a pot luck dinner. This has  
been an annual event for the Christ-  
mas meeting for a number of years.  
Everyone enjoyed a very sumptuous  
meal when every variety of food im-  
aginable was displayed.

At 2 o'clock Mrs. John Carlisle,  
Vice-President, called the group to-  
gether and opened the meeting with  
the W.A. theme song, followed by the  
theme prayer.

The worship service was conducted  
by Mrs. Frederick Beckett, the open-  
ing hymn being "Joy to the World."  
Mrs. W. G. Fletcher read the Scrip-  
ture, Luke 2, beginning at the first  
verse. Mrs. Beckett then commented

on this lesson, emphasizing the des-  
cription of circumstances surrounding  
the birth of Jesus; also the conditions  
at the inn and the actual birth.  
"While Shepherds Watched Their  
Flocks" was sung. Mrs. Beckett  
furthered her comments on those  
who went to see the Babe in the  
Manger. Finally Mrs. Beckett dealt  
with the news of the Saviour of the  
World being spread to the Herdsmen  
and concluded this portion with every-  
one singing "O Little Town of  
Bethlehem," followed by prayer by  
Rev. W. G. Fletcher.

Mrs. Clifford Clancy, Secretary,  
read the minutes which were approv-  
ed. She also read a letter of ap-  
preciation from Mrs. Frank David-  
son who has been the W.A. President  
of the Belleville Presbytery. Little  
Miss Valerie Clancy took up the offer-  
ing which was dedicated by Mrs.  
Carlisle.

It was announced that the inaugu-  
ral meeting of the new society, United

Church Women, will be held at the  
regular church service on Sunday,  
January 7th.

A motion was made transferring  
the funds of Wellman's W.A. to the  
new Organization — United Church  
Women of Wellman's.

A motion was made that the W.A.  
buy the candy for the annual concert  
at the church.

Mrs. Omar Dracup, President of the  
Women's Missionary Society, read an  
address to Mrs. Chas. Dunham and  
she was presented with a certificate  
of life membership by Mrs. Clifford  
Clancy.

Mrs. Dracup reported on the work-  
shop of the Missionary and Mainte-  
nance work held at Hallway Street  
United Church, Belleville.

A programme prepared by Mrs. Jim  
Rainie was as follows: Solo, "Tend-  
erly Sleeping," by Mrs. Ken Tomp-  
kins; reading, "At Christmas Time,"  
by Mrs. John Rainie; solo, "A Star  
Was His Candle," by Mrs. Gerald Rus-  
sett; a solo, "O Come To My Heart,  
Lord Jesus," by Mrs. Frederick Beck-  
ett.

Mrs. Carlisle thanked Mrs. Clancy  
for her hospitality and those taking  
part in any way with the proceedings  
of the day. Rev. W. G. Fletcher clos-  
ed the meeting with the benediction.

Mrs. Clancy and assistants served  
a cup of tea and cooking, bringing to  
a close a very impressive meeting.

Consumer Section Marketing Service  
CANADA DEPARTMENT OF AGRICULTURE

### THE CONSUMER SECTION MAILBOX ANSWERS YOUR QUESTIONS

One of the home economists at the Consumer Section, Canada Department of Agriculture in Ottawa spends most of her time answering the many letters that come to her desk from all over Canada. Here are a few of the questions she's received lately.

Question — Can frozen fruit be used for making pies and puddings?

Answer — Yes, fruit frozen in dry sugar or without sugar may be used. Thaw the fruit sufficiently to separate the pieces or to spread, and then proceed as with fresh fruits. If fruit is packed in sugar it will be necessary

to adjust the sugar in the recipe.

Question — Can skim milk powder be frozen?

Answer — Yes. However, there really isn't any necessity for freezing milk powder. It can be kept in an unopened package for a year. If the package has been opened it can be stored on the kitchen shelf for one or two months. The package should be closed tightly after each use since the powder tends to pick up moisture.

Question — Should cakes be frozen loaf or unfrozen?

Answer — The home economists at the Canada Department of Agriculture say to freeze cakes unfrozen unless you know the icing being used is one

that will not be sticky or crumbly when it is thawed. Uncooked butter icings freeze satisfactorily; fluffy icings usually become sticky and fudge icings may crumble.

Question — What is the difference between single acting and double acting baking powder and how can they be substituted for one another?

Answer — The single acting baking powders contain one acid ingredient and they liberate gas as soon as they come in contact with liquid. It is advisable to work quickly when using a single acting baking powder. A double acting baking powder contains two acid ingredients. Part of the leavening takes place when liquid is added and the rest takes place during baking in the oven. The general rule for leavening with baking powder is 1 1/2 to 2 teaspoons of the quick or single acting and 1 to 1 1/2 teaspoons of the slow or double-acting powder to each cup of flour. The smaller quantity is usually sufficient for cakes but the larger amount is often preferred for quick breads.

Question — Is it safe to use canned goods which have been frozen?

Answer — Freezing may change the appearance and texture of canned fruits and vegetables. There is no danger, however, in using canned fruits or vegetables which have been frozen, so long as there is no sign of leakage after the food has been allowed to thaw in the container.

Question — Can cookies be baked before they are frozen?

Answer — The home economists of the Consumer Section, Canada Department of Agriculture say that cookies can be frozen either baked or unbaked. Thaw unbaked cookies or dough at room temperature for about one hour and bake as fresh. Macarons and meringues which are made with egg whites do not freeze very well. Plan to use most prepared foods within four months although some will keep longer.

Question — What can be substituted for buttermilk in a recipe?

Answer — Substitute an equal portion of sweet milk and to every cup of sweet milk add 1 tablespoon vinegar or lemon juice.

Question — Can skim milk powder be used in any other way except as a beverage?

Answer — Skim milk powder has many uses in cooking and baking. Just mix the instant skim milk powder with the other dry ingredients and add the required amount of water. It may also be added to various foods not usually made with milk to increase the food value.

Question — Where can I get some information and recipes on fish?

Answer — The home economists of the Department of Fisheries are continually testing recipes and writing booklets using fish. These publications are available from the Department of Fisheries, Sir Charles Tupper Building, Riverside Drive, Ottawa.

Question — What size turkey should I buy to feed twelve people?

Answer — According to the home economists of the Consumer Section, Canada Department of Agriculture you should allow 1/2 to 1 pound per serving (not per person) when buying an eviscerated turkey under 12 pounds, and 1 to 1 1/2 pound per serving when the turkey weighs 12 pounds or over. Remember that a person may eat more than one serving, therefore, an 18 pound turkey would be a good weight to buy.

### THE BIBLE TODAY

A recent letter from the Rev. L.V.D. Ashley, Bible Society Secretary in East Africa, Madagascar and Mauritius, relates how the enthusiasm of the people in Tukuyu in Tanganyika to attend a Bible Society meeting had to be curbed by a special detail of police. One man was actually arrested because he assaulted the policeman at the door of the hall in his eagerness to enter.

So great was the response that only those who had tickets from the local pastors could be admitted.

Mr. Ashley also relates how he visited the villages in the neighbourhood of the towering Mount Kilimanjaro. There had been a great drought in this part of the country and many animals in the Amboseli game reserve had died.

At Moshil, near the foot of the Mount, the manuscript of the New Testament in Chasu, the language spoken by the people in the Pare hills, was put into his hands for transmission to London for checking and printing. An edition of Mark in the same language was ready for distribution and was being used as part of the Million Gospel Campaign.

### Mrs. A. Wilhelm Hostess To River Valley W.I.

The Christmas meeting of River Valley Women's Institute was held Thursday afternoon, December 7th at the home of their newest member, Mrs. Albert Wilhelm at Rainbow Lodge. Thirty-one adults and several pre-school children were in attendance. The home was decorated with Christmas symbols and evergreens.

Mrs. Vernon Harry presided and opened with the Ode and the Mary Stewart Collect.

Mrs. George Heasman gave a full financial picture. This included catering for the Federation of Agriculture banquet and two dollars for the display at Stirling Fair.

Correspondence included a message re the new area fee; a thank you for the five dollars donations to Stirling Fair Board; a message re District Farm School on February 5th at River Valley School House; a letter re the District Workshop on March 7th at the school kitchen; and an introductory letter from Mrs. Wilda Waldon, the temporary Home Economist. Several items of business were discussed and motions made.

The regular meeting will be held Thursday afternoon, January 4th at the school kitchen. Reports of the Trent Valley Area Convention will be given by Mrs. Percy MacMullen and Mrs. Ralph Utman. The social events will be a Men's Night at the school house on January 12th with Mr. Sid MacDonald as guest speaker, and a euchre party on January 19th. The Agricultural group will convene the January evenings.

In lieu of a gift exchange several of the ladies donated fifty cents for the F.W.I.O. adopted child fund. Special donations for this worthy cause were sent in by Mrs. Clifford Lansing and Mrs. Ed. Kent. Over fourteen dollars was realized. This sixty dollars required to adopt a child through the F.W.I.O. Foster Plan has been forwarded to Toronto. Through this project children in seventeen countries of the world are receiving some of the basic rights of childhood — food, clothing, medicine and education.

Mrs. Percy MacMullen, Friendship Link Secretary, read an airmail from Mrs. E. Coombs of Abbot's Leigh W.I., England. They have received the Christmas parcel of one hundred individual rain hats and these will be distributed at their Christmas party on December 12th. Their gift parcel is on its way to Canada and will probably be distributed at the January meeting.

For Public Relations Mrs. MacMullen passed around an article written by Mrs. James Haggerty, F.W.I.C. President which appealed to Institute members across Canada to keep the coming festive season one of joy and not of tragedy.

Mrs. Roy Bush gave a message of Christmas greeting from Mrs. Louis Rodgers, a former District President. Mrs. Roy Tucker collected the Pennies for Friendship and said \$1.18 was given in November.

The Secretary displayed a page in the Countrywoman magazine showing the exquisite stitching of the East African Woman's League. All the panels were designed by local people. Mrs. I. Moore, Vice-President says: "They embody our pride in the past and our faith in the future of our lovely country of Africa."

#### Christmas Programme

Mrs. Phillip Conley presided over the Christmas programme which opened with "O Little Town of Bethlehem." The roll call outlined many splendid ideas for last minute Christmas gifts. Her assistant, Mrs. Alex Bush gave a message on the motto, "What we make our home is more important than that of which our home is made." She pointed out that home is where love abides and where parents are wise guardians and shining examples.

Mrs. Don McIntosh gave a special demonstration of Christmas decorations using pine boughs, poinsettias, foil and other common articles like coat hangers and plastic bags. She displayed several wall ornaments, Christmas tree decorations, special wrapped parcels with ribbons, bows and a large assortment of colourful foam rubber flowers. On behalf of the Home Economics group Mrs. Alex Bush presented the guest with a small memento of the occasion. Mrs. McIntosh donated a bouquet of pink roses in a white china container and three dollars was realized from the sale of tickets and this will be applied on the fund for an adopted child. The lucky ticket was drawn by Joyce Carr and the winner was Mrs. Clarence Chard.

Mrs. Conley read a Christmas prayer and Mrs. Ernest Carr voiced thanks for hospitality, programme, demonstration and refreshments. The meeting closed with "The Queen" and the Institute Grace.

The hostess and members of the Home Economics group served a

Christmas lunch at long tables set up in the banquet room which was festive with Christmas decorations and large glittery candles.

### OF MANY THINGS

(By Ambrose Hills)

#### SOUP GRAPES OR FOOTBALL?

The CBC is broadcasting a great number of American football games this year, sacrificing many other programs in order to do so. Whether this American football was provided in response to strong public demand is doubtful. It appeared, rather, that the CBC's promotion of the American games was a childish reaction to the fact that private broadcasters had secured television rights to the games in the eastern division of the Canadian Football League. Now the CBC has developed an audience appetite for American football.

The CBC could have had the Canadian games. The private operators offered to let the CBC have them for any area not already served. The offer seemed generous and public spirited. The CBC rejected it. Chester Bloom, parliamentary press gallery reporter, commenting on the CBC refusal to carry the games, wrote, "It is a disappointment that the CBC, after refusing such an offer in a spirit of injured pride, should then turn to American football as a palliative."

Surely it is time that the Board of Broadcast Governors, which has power to control the network operations of both the CBC and the private stations, looked into this matter of network affiliation and service. The football fiasco is not the only reason.

For example, the CBC has affiliations with three American television networks. CTV, the private television network, has none. This led to a completely unfair situation when the Mitch Miller program was cancelled for a special broadcast. The CBC had the power to move in and take the special broadcast, leaving the private network to find a replacement for Mitch Miller. The circumstances surrounding such situations ought to be studied.

Fair competition between the CBC and the CTV could result in a better deal for the public. If the CBC adopts a reasonable attitude, there would be no cause for complaint; but if it is acting in a dog-in-the-manger manner, then the public will suffer and the BBG has a duty to bring it back into line.

**NEWS FOR THE BUSY FARMER****TO KEEP  
CALVES HEALTHY**Most dairymen agree that calves in  
the barn get more attention than  
those born on pasture. But the natu-  
ral habits are changed when calves  
are put on twice-a-day pail feeding.  
The result: Stomach upset, scours,  
or colic, says the Ontario Veterinary  
College's Farm Service veterinarian,  
Dr. J. F. Cote.Calves normally drink slowly when  
nursing a cow. But pail-fed calves  
often gulp hungrily after the long  
wait between feedings. Sometimes  
they even inhale milk into their lungs.  
"Nipple pails are a big help in solv-  
ing this problem," says Cote. "Regu-  
lar feeding is important. And it's best  
to feed the same amount of milk both  
night and morning. Keep the milk  
temperature the same too." Cote  
points out that one of the common

causes of scours is over-feeding.

What about colostrum?

The first milk not only contains a  
lot of the essential vitamins and min-  
erals, but also antibodies which help  
fight early calf-hood diseases. "The  
calf is born with very few antibodies  
and, if colostrum is not fed, the calf  
is likely to pick up common infec-  
tions," states Cote. Losses are high-  
est in calves that don't get colostrum.**"ONTARIO FARM BUSINESS"  
NOW AVAILABLE**The Ontario Department of Agricul-  
ture has prepared the fall issue of  
"Ontario Farm Business." It is avail-  
able from Agricultural Representatives.  
Following is some of the outlook  
information contained in this publica-  
tion:**Beef**

The number of beef cows, heifers

and steers in Canada was up 8 per  
cent last June over a year earlier, but  
the large export of feeder cattle in  
late summer and this fall will tend  
to offset the higher numbers to some  
extent. Look for prices in 1962 about  
the same as in 1961. The spread be-  
tween top quality and common cattle  
is likely to be large in the first half  
of 1962. American prices in 1962 are  
expected to be about the same as in  
1961.**Hogs**Present prospects are for an in-  
crease of 12 per cent in Canadian  
marketings in the first quarter of  
1962 and a price of \$24-\$25. Later in  
the year the increase in marketing  
will be small — perhaps 4 per cent —  
and prices are likely to be in the \$25-  
\$27 range.**Poultry**Broiler marketings will continue  
heavy until early December. Ontario  
placements indicate a worthwhile cut-  
back for the Christmas season when  
heavy poultry predominates. Cana-  
da's record turkey crop is moving  
well, with prospect of steady prices  
through the season. The market for  
eggs has been relatively stable dur-  
ing the past 18 months, but limited  
prospects combined with a heavy re-  
placement hatch, in the last half of  
1961, signal a weaker price trend.**Butter**Consumption continues to fall and  
production and stocks to rise. Price  
depends entirely upon supports,  
which continue at 64 cents until April  
1962.**Concentrated Milk**Stocks of skim milk powder are  
rising and are almost as high as two  
years ago. Prices are low and con-  
sumption is rising rapidly. Evaporat-  
ed milk production and stocks are up,  
while consumption is down slightly.  
Price prospects are only fair with  
current prices likely to hold until  
spring.**Cheese**Stocks are up 12 per cent but price  
of grass-milk cheese is about 34  
cents per pound. Price of fodder-milk  
(winter) cheese is likely to be at the  
floor price of 32 cents.**Feed**Ontario supplies are larger than  
usual, especially of forage. However,  
there will be a shortage of both oats  
and barley in Canada and prices will  
remain high until the 1962 crop is  
harvested.**Timely Tips**Have you investigated the basic  
herd plan yet? If not, you may find  
that it can save you tax money in a  
dispersal sale or on fire insurance  
claims. Write to your district tax-  
ation office for a Basic Herd applica-  
tion form. Note: It might pay to con-  
tact them before 1962.Feeding corn to cattle this winter.  
O.A.C. Animal Husbandry Professor  
Tom Burgess says cattle on full feed  
will eat from 1 1/2 to 2 pounds of corn  
per 100 pounds of live weight per day.  
Feed 1 pound of hay or 3 pounds of  
silage per hundred pounds with a full  
feed of corn. Depending on your hay  
or silage, feed 1 to 2 pounds of high-  
protein supplement to all animals.  
Don't forget about free-access to min-  
erals and salt.Be careful when picking the fields  
to be spread with manure, advises C.  
H. Kingsbury, Field Crops Branch,  
Ontario Department of Agriculture.  
He says manure will do its best job  
on fields you intend to plant to corn  
and on old sod that will be plowed  
down in 1962. This is especially im-  
portant if your spreader applies 10 to  
12 tons of manure per acre — a rate  
so high it might smother new seed-  
lings or winter wheat. Older forages  
can better stand rates greater than 6  
tons per acre.Now is the time to do something  
about moisture problems in your  
barn, states Hal Wright, Ontario De-  
partment of Agriculture Farm Safety  
Specialist. Plan a ventilation system  
that will provide an air flow of 100  
cubic feet a minute for every 1,000  
pounds of livestock. Damp air can  
contribute to respiratory disease  
problems such as calf pneumonia.**Eggleton  
Mission Band**The December meeting of Eggleton  
Mission Band was held at the school  
with 25 children and 3 adults present.  
A Christmas programme prepared  
by the leader was very much enjoyed.The first part consisted of a short  
work period when all the pupils took  
part in making Christmas door  
wreaths, using large pine cones tip-  
ped with white paint, a Christmas  
card and a red ribbon bow.Brian Kovach was appointed to act  
as chairman for the following pro-  
gramme:All joined in singing Christmas  
Carols with Mrs. Reide playing the  
accompaniment on the piano. Several  
readings were given: "Christmas Is  
Coming," by Lois Danford; "I Wish,"  
by Dianne Prest; "The Meaning of  
Christmas," by Carol White.Sandra Stapley gathered the offer-  
ing which was dedicated with an of-  
fering prayer read by Sheila Clarke.  
Kenneth Danford and Billy Stapley  
distributed the World Friends papers.The leader, Mrs. Clancy, gave a  
special Christmas reading, "Seeing  
Christmas at Majli." The meeting  
closed with prayer by Mrs. Reide.  
Boxes of candy brought by Mrs.  
Clancy and Mrs. Fitchett were served  
by Carol Stapley and Lloyd Clancy.**Cooking Comments**Rinse a Dover beater soon after  
using; then wash it well with the  
other dishes. But do not immerse the  
cogs in the water, cautions the Food  
Department of MacDonald Institute,  
Guelph.When buying a roasting chicken  
allow 2 to 1 pound, dressed weight,  
per serving. However, remember  
that some people take more than one  
serving.Make use of coarsely chopped, cook-  
ed giblets in gravy, stuffings, soups,  
or sandwich fillings, suggests the  
Food Department of MacDonald Insti-  
tute, Guelph.When making tea, remove the tea  
bags after 5 or 6 minutes steeping  
time. To alter the strength of the  
tea, use more or less bags. Do not  
change the time.**Accidents Need  
Not Happen**In the world today accidents cause  
more deaths than any single illness  
except cancer and cardiovascular dis-  
ease.It is estimated that Canada lost 22  
million man days of working time last  
year through accidents.Too many people still unthinkingly  
accept accidents as misfortune over  
which the individual has no control.  
"Accidents will happen," they say, as  
if that excuses everything. Yet when-  
ever studies are made of accidents in  
home or factory, ways can always be  
found to reduce their number and  
seriousness.

Accidents are not chance events.

they do not just "happen." Every one  
of them is the outcome of a chain of  
causes and most of them can be pre-  
vented.The best hope of accident preven-  
tion is safety education. Innumerable  
accidents are due at least in part, to  
some action or omission of the victim  
himself — the pedestrian who crosses  
the road without looking; the boy  
who tries to change a fuse without  
turning off the current; the workman  
who fails to observe the factory's  
safety rules.One of the most important jobs the  
supervisor has is to ensure that his  
people work safely; that they know  
the hazards in their work; that every  
possible hazard has been eliminated  
and that they are taught to take no  
chances.**Homelite Chain Saws**DON'T BUY THAT SAW UNTIL YOU TRY

### The Good Driver

Automobile manufacturers are constantly studying the problem of how to build more safety into their cars. A comparison of today's automobile with the cars of a generation ago shows how much has been achieved.

It is not generally realized, however, that manufacturers go well outside their direct area of responsibility to help make the streets and highways safer. Accident prevention work of all kinds is encouraged, and given practical support.

In addition to promoting safety through support for such organizations as the Ontario Safety League, car manufacturers work directly, in many ways, in the area of safety education. One example is the programmes of each of the "Big Three" to assist the development of high school driver education courses.

Many car company officials give private time and effort to the development of more safety consciousness in drivers and pedestrians. Here, for instance, are some quotes from a recent speech to a service club by Ian McNab of General Motors.

"Highway accidents could be cut in half if a proper effort was made to do so. Highway deaths, accidents and property losses need not be accepted as an inevitable price to pay for the pleasure and convenience of modern highway transportation.

"A proper approach to the situation is hampered greatly by two elements: panacea seekers, and those who think safety can be bought cheaply. The former group usually picks out one isolated element from the overall picture as a scapegoat, and urges drastic action along this line. The latter group feel that there

is no need for high school driver education or increased police personnel. "Cars are being built to make it easier to drive safely. The majority of traffic accidents happen at moderate speeds, however, indicating that the level of driver ability is at a considerable variance with the mechanical advantages offered by modern cars."

The Ontario Safety League warmly welcomes this, and all other efforts to make road users realize that safety is not simply something that can be designed on the drawing board, then put on with a wrench, or a welding torch. Safety is primarily a matter of individual behaviour.

### Many Changes In Treatment

Sixty years ago there were less than 50 sanatorium beds in all Canada. This meant that thousands of patients were being treated, or untreated, in their homes. Dear Santa:

We know how busy you must be at this time of year trying to do all the Christmas shopping for the boys and girls, the mommies and daddies and the grandparents too; particularly with only 8 shopping days left. Could we be of some help by making some suggestions?

There are many types of rings and watches, yellow or white gold, with or without diamonds, daintily designed for mom and sturdily built for dad. Most everything available in emblematic jewellery for lodges or service clubs. Dresser sets and jewel boxes are always acceptable for the ladies. A beautiful new shipment of Cross and Olive cut glass has just arrived. Expansion bands, lighters, travellarm clocks, cups and saucers and bone china floral centres, cuff links, razors, binoculars, costume jewellery, men's wallets and travelling cases.

These are a few of the many items which we will gift wrap at no charge to help you out at this busy time. Hope this will be of some help Santa.

Bye for now

GENE

P.S. — I nearly forgot one of the loveliest gifts (so they tell me) is a beautiful diamond ring in either Bluebird or Columbia — insured free for one year — and we have them at practically all prices. Guess this is all for now.

prairies being preferred; if this course was financially impossible then a tent in the back yard at home or a sleeping porch was the compromise.

### When The Slip Gets By

The typographical error is a slippery thing and sly;

You can hunt until you're dizzy, but it somehow gets by.

'Till the forms are off the press it is strange how still it keeps. It shrinks into a corner and it never stirs or peeps.

The typographical error, too small for human eyes,

'Till the ink is on the paper, when it grows to mountain size.

The boss he stares with horror, then he grabs his hair and groans;

The proofreader drops his head upon his hands and moans.

The remainder of the issue may be clean as clean can be,

But that typographical error is the only thing you see.

## The Good Driver DRIVER CONTROL PROGRAMME TO REDUCE ACCIDENTS

Ontario's Transport Minister H. L. Rowntree announced recently that drivers of motor vehicles in the province may be re-examined every three years, as part of a large-scale programme designed to reduce the number of highway accidents. He stated that eighty-five percent of all accidents are caused by human failure, which makes a driver control programme so essential.

Retesting of Ontario's 20,000 school bus drivers has already begun as a first step in the re-examination programme. There are 2,300,000 licensed drivers in the province.

Mr. Rowntree said examination of drivers would serve as a test to reassure that a person is entitled to drive, and that it would not necessarily be a complete re-test. Periodic tests of vehicles, and instruction for nursery school children in the essentials of pedestrian safety, were other aspects of the programme, as outlined by Mr. Rowntree. The method by which all provincial drivers would be tested has not been fully decided, but it might be arranged on a group basis. The programme would require an ad-

dition to the Transport Department's present 500-man examining staff.

## THE BIBLE TODAY

The New Testament is especially dear at the Christmas Season. The Story of the Birth of Jesus and the attendant circumstances of the announcement by the angels to the shepherds, the Star which led the wise men to the Infant Jesus, and the lovely manger bed, have gripped the imagination and touched the hearts of millions of people since this great event took place.

The reading of the Scripture stories in churches and families around the world has always been a greatly loved custom.

The Christmas message is particularly appropriate in these troubled times. The prayerful Song of Praise of the angel host, Glory to God in the Highest, and Peace on earth among men of goodwill, is a reminder to all humanity that God is interested in his world and His people. He sent His Son, Jesus Christ, to bring reconciliation into a strife torn world.

### Suggested Bible Readings

Sunday — Matthew 2: 1-12  
Monday — Philippians — 2: 1-11  
Tuesday — Matthew — 2: 13-23  
Wednesday — Matthew 3: 1-17  
Thursday — Matthew 4: 1-11  
Friday — I Corinthians 12: 3; 13: 1-3  
Saturday — Ephesians 4: 1-24

It is not how much we have, but how much we enjoy what we have that makes us happy.

## The Miracle of Christmas

There is so much about Christmas that is all too obvious. Coloured lights are everywhere. Store windows come alive with beautiful decorations and a seemingly endless array of toys and gifts. Up and down every street in town, windows and doorways are bedecked in mistletoe, holly and evergreen.

Christmas cards and street-corner Santas, the sight and aroma of good things to eat — these are undeniable signs of the season.

Less obvious, perhaps, is the change that comes over people, with very few exceptions. Each individual seems to find new purpose, new incentive. He hurries more than usual, yet he is quicker to smile, less impatient and somewhat more tolerant of his fellow human being.

We cannot describe it adequately except to say that it must be in some small way the miracle of Christmas at work. It has to be; it comes from the heart. It is irresistible. It is compulsive. There is no other explanation.

Amid all the outward trappings of the season — and, perhaps, in spite of them — the miracle of Christmas shines forth from the human heart.

The miracle of Christmas — mankind's greatest heritage — was brought with quiet unassuming dignity into the hearts and minds of living men and women. There it has remained, through centuries of oppression, persecution, and the impartial attrition of time.

## RIVER VALLEY WOMEN'S INSTITUTE

Christmas Greetings To You All—  
May Christmas time be blest for you  
With love and joy and cheer;  
And peace be with you all the year  
Old friends, both far and near.

Despots, dictators and dis-believers have had their day in history's pages. Good "isms" and bad "isms" have made their mark upon the walls of time. But these change their patterns with the progress of humanity.

Down through the ages the one, single dominating influence upon generations of men and women has been the miracle of Christmas, the simple affirmation of the heritage and dignity that belongs to none but mankind among myriad creatures of land and sea and sky.

Man is a special creature, created in the image of eternity. It is through — and because of — the miracle of Christmas that hope springs eternal in the human breast. "For on this day is born unto the world a Saviour." In these simple words we find the strength of Christianity — the miracle of Christmas which bestowed upon mankind the inalienable right to merit eternal salvation.

Some interesting items inadvertently creep into print, as, for example, the following which was gleaned from a number of sources:

Fifty guests assembled at the Domestic Forum, and thirty have been married to the same man for more than 20 years.

The fatal accident occurred at the corner of Broadway and Henry Sts. just as the dead man was making an attempt to cross the street.

Leo Drau is at the Memorial Hospital. He is suffering from head injuries and shock caused by coming into contact with a live wire.

It is with real regret that we learn of Mr. Shaigh's recovery from an automobile accident.

At the Ladies' Aid Meeting, many interesting articles were raffled off. Every member brought something they no longer needed. Many members brought their husbands.

**HAPPY AND BRIGHT NEW YEAR****The Editor  
And Staff****Mrs. and Mrs. Burton  
Woodbeck Observe  
25th Anniversary**

The family of Mr. and Mrs. Burton Woodbeck tendered their parents a surprise party on Saturday evening in honour of their 25th wedding anniversary.

The couple had been out and returned home about 10.00 p.m. to find the basement festively decorated with pink and white streamers, bells and balloons, and about 25 friends and relatives waiting for them.

The couple were married in St. John's Anglican Church on December 5th, 1936, by the Rev. A. S. McConnell. Mrs. Woodbeck was formerly Verna Doreen, daughter of Mr. and Mrs. Jason Baker, of Bonarlaw, and the groom was a son of Mr. and Mrs. J. F. Woodbeck, Stirling.

The bride of twenty-five years was presented with a beautiful bouquet of large white mums and red roses by her husband on her anniversary and these looked lovely amongst the festive decorations.

The bride and groom were given seats of honour and their grand niece, Miss Sheryle Cretney, presented them with a General Electric Can opener and a silver bon bon dish on behalf of the friends gathered.

At the conclusion of the evening a delicious lunch, prepared by their daughter, Barbara, and daughter-in-law, Sally, was served. A beautiful decorated cake made by Mrs. Mel Tanner centred the table.

**Miscellaneous  
Shower**

A miscellaneous shower was held at the home of Mrs. R. T. Burgess in honour of the approaching marriage of Miss Sandra Wells, with school chums as co-hostesses.

Sandra and her mother were presented with corsages. A very delightful Bride's Book, which had been made up and given to the bride-to-be, was passed to the guests who wrote in helpful advice for married life.

A large number of useful and ornamental gifts were opened by the guest of honour, who expressed her thanks to everyone.

Mrs. Gordon Bailey very capably voiced the sentiments of the group to Sandra.

Miss Helen Morrow entertained with Christmas Carol music and a social hour was enjoyed during the serving of dainty refreshments.

### "No Room In The Inn"

(A Sermon by Rev. R. Donnan)

Present day critics look back to the birth of Jesus and say "it's a disgrace that someone didn't give Mary and Joseph a room in their inn." The Town of Bethlehem was bustling with activities, because it was taxation time. The inns were full and there was no room for two weary travellers who had come from Galilee. We picture Joseph inquiring at the different inns, only to be answered by a stern voice, "sorry, no room." We must not be quick to throw stones at the innkeeper, because in the hustle and bustle of this festive season we leave Jesus completely out of our lives. Our minds are obsessed with buying gifts, parties, and celebrations. We give and receive gifts and forget about the greatest gift ever given, "The Lord Jesus Christ."

There is something about this festive season that we enjoy. We love to see the children open their presents on Christmas morn, we love to gather around the tree and sing gay tunes because the family is all home, but I wonder if we remember amidst all the laughter and celebrations, that Christ was born.

Jesus said, "I came unto my own people, but they received me not." Friend, that is exactly what transpired, the people who should have known about His birth, the educated, the kings and princes, they missed it. God passed them by and announced His birth to the humble shepherds. The plan of God is simple, but we try to make it complicated with all our supposedly deep discourses. The Bible tells us even a child can know the way of salvation, it is so simple.

The religious leaders of the day expected the Messiah to come as a great King and Deliverer. They looked for someone who would deliver them from the Roman scourge, but this was not God's plan. The religious leaders said, "Can any good come out of Nazareth?" There was no room for Jesus in their thinking. Do we have room for Jesus today?

It is apparent that we have crowded Him out of this festive season. Many children know more about Santa Claus than the Lord Jesus Christ. It seems that the modern world has relegated Him to Sundays. He has no room in the parties and celebrations. We only want Him when we meet up with a problem which we cannot solve ourselves and when we don't need Him, He is pushed into the background.

Friends, you need Him every day of your life, make room for Him. Shake off the gods and idols, which take His place in your life. This could be the best Christmas, the happiest Christmas if you would just pause and give Him your whole life. The true meaning of Christmas would dawn upon your pathway. Make room in your heart for Him today.

You'll be happier if you are necessary to someone.

The Extra-Cent-A-Day was collected by the Secretary, Marjorie Velliff.

Moved and seconded by Mrs. Wellman and Mrs. Fraser that the Treasurer be authorized to give the Wardens money if needed.

Rev. Fleming spoke a few words of appreciation to the President for her splendid job as leader of the W.A.; also to the members for their co-operation.

Mrs. Tanner gave the last chapter of the study book and Rev. Fleming closed the meeting with prayer.

The programme was in charge of Mrs. Heath and consisted of carol singing and readings by Mrs. Wellman, Mrs. Everett and Mrs. Barlow.

A most delicious lunch was served by the hostess.

Mrs. Laycock had charge of the business. Plans were discussed for the inaugural service of the New United Church Women on January 7th; also the Presbytery inaugural service on January 21st.

The programme was in charge of Mrs. E. McMullen and was as follows: Readings, by Mrs. Mulheron, "That First Christmas Day" and "If You Would Know," solo, by Mrs. W. G. Fletcher. Mrs. J. Mulheron and the hostess served delicious refreshments and Mrs. H. Elliott voiced thanks to all for making an enjoyable afternoon.

Who refused to accept his degree,

## LEGION NOTES

Flooding operations were started at the Arena this week. Mr. Bob Hunter has been engaged as arena caretaker. It is hoped that with favourable weather, ice will be available shortly after Christmas — possibly for skating on Saturday, December 30th.

The first hockey game of the season is scheduled for Wednesday, January 3rd when Frankford Juveniles play the Stirling Juvenile team. The local Midget team will also start its schedule early in the new year.

Legion members are reminded that 1962 dues will become payable on December 31st. Dues may be paid to George Noble, Ray Tanner or Doug Patterson.

A special pot luck dinner for members and prospective members will highlight the Legion programme for January. As soon as a date has been set further particulars will be announced.

The officers and members of the Legion take this opportunity of wishing their many friends Merry Christmas and a Happy New Year.

## Madoc Junction

Friends here were sorry to learn that Mrs. Dyson is a patient in the Belleville General Hospital.

Mrs. Harry Clarke and Miss Anna-mae Clarke were among those who attended the banquet and Christmas party held recently for the management and staff of Elaine Footwear, Stirling, and their invited guests.

Glad to report that Mrs. Bert Reide is much improved in health and is again able to assume her duties as teacher at S.S. No. 24 Sidney school. Mrs. Gordon Nelson has been supply teacher during Mrs. Reide's illness.

A good number from this neighbourhood were in Stirling last Saturday afternoon to greet Santa Claus who paid his annual visit.

Eggleton W.M.S.  
And W.A.

The Christmas and final meeting of Eggleton W.M.S. and W.A. was held last Thursday afternoon at the home of Mrs. Carl Bridges with 15 adults and 3 children present.

In keeping with the Christmas theme several carols were sung with Mrs. Murray Martin presiding at the piano.

The devotional period was conducted by the pastor, Mr. Dyson, who was in charge of the programme, owing to the illness of Mrs. Dyson, who was the programme convener for the December meeting. For the Scripture lesson Mr. Dyson read part of the third chapter of St. John with special emphasis on verses 16 and 17. The commentary, "Christmas means giving to others" and prayer closed the devotional service.

The W.A. President, Mrs. William McMullen, presided for the business period. Mrs. Clarence Fitchett reported for the nominating committee and read the suggested slate of officers for the new organization for the year 1962.

The four members appointed to form a voting committee and to be delegates to represent Eggleton United Church Women were Mrs. Maurice Clancy, Mrs. Bruce Stapley, Mrs. Wm. McMullen and Mrs. Clarence Fitchett. The inaugural meeting for the four appointments of the Thomasburg Circuit is to be held on Thursday afternoon, December 28th at West Huntingdon United Church.

Mrs. Carl Bridges, Treasurer, gave the W.M.S. report. Mrs. M. Clancy gave the Mission Band report. A motion followed that the necessary amount be taken from the W.A. funds to make up the 1961 W.M.S. allocation; also that the bill for literature

and material ordered for the new organization be paid.

A motion was also made that early in January the new treasurer have the W.A. bank book changed to the "United Church Women."

The annual Board Meeting for Thomasburg Circuit is to be held this year at Eggleton United Church. The January meeting of the new organization is to be held on the regular date at the home of Mrs. Wm. McMullen with the President, Mrs. Warren Harlow as programme convener.

Mrs. McMullen expressed thanks to Mr. Dyson for presiding and to Mrs. Bridges for opening her home for the meeting.

Mr. Dyson read several short Christmas readings from the booklet, "Christmas For Everyone," which had been written by The Rev. Grover Livingstone.

Following this Mr. Dyson gave an interesting talk on the boat trip he and Mrs. Dyson had taken to England this past summer. He also showed pictures of places they had visited.

The offering was gathered by Mrs. K. Johnson and dedicated with a prayer by Mrs. McMullen.

After the meeting closed Mrs. Bridges served dainty refreshments and all enjoyed a social half hour with an exchange of Christmas gifts.

At this time we wish to pay tribute to the women of Eggleton W.M.S. who have carried on the work during the past 50 years and also to wish for the new organization every success.

## Rylstone

Mr. and Mrs. Tom Riley, Cobourg, visited her parents, Mr. and Mrs. Will Rutherford on Sunday.

Mrs. Lily Anderson has returned home after visiting with her son, Clarence and his wife in Peterboro.

Mr. and Mrs. Will Gray are visiting their son Lionel and his wife and family at Sarnia and their daughter, Mrs. Cecil McKenzie, her husband and family, at Harrow.

Marilyn Stewart was an overnight guest of her friend, Margaret Mulhern, Bethel, on Tuesday.

All were sorry to hear of the death of Mrs. Lorne Barnum in Campbellford Hospital on Friday. Mrs. Barnum lived here for several years before she and her husband moved to Petherick's Corners. Deepest sympathy is felt for the sorrowing family.

Our sympathy also goes out to Mr. and Mrs. Alf Akins and family. Mrs. Akins' mother, Mrs. Foster Wannamaker, of Stirling, died suddenly at the Akins' home over the weekend.

Mr. and Mrs. Ed Stephens and Julie have moved to Campbellford.

Mr. and Mrs. Claude Reid and family, Harold, were supper guests of his brother, Percy, his wife and family, on Friday.

Anne Reid attended a shower in honour of Miss Sandra Wells in Stirling on Saturday night at the home of Miss Carol Burgess.

Mrs. Jack Spencer attended the 50th anniversary of her grandparents, Mr. and Mrs. Wesley Ray at Springbrook recently, where she assisted with the serving.

Mr. and Mrs. Bob Spencer and children were Saturday night visitors with Mr. and Mrs. Gordon Melkjohn and boys.

Mr. and Mrs. Fred Petherick were Sunday supper guests of their daughter, Mrs. Doug Bedore, her husband and children, in Campbellford.

Rylstone W.A.

Mrs. Ellis Jones was hostess to the W.A. of Rylstone Church on Wednesday afternoon for their final meeting before changing over to "The United Church Women." Owing to sickness there was an attendance of only eight ladies and 4 children.

Mrs. W. Spencer, President, was in charge and opened the meeting with a Christmas Carol, "Away In A Manger," followed by the Lord's Prayer. The Scripture selection, St. Luke 2: 1-7, was read by Mrs. Chester Melkjohn. Mrs. Spencer gave the meditation and prayer.

The financial report was given and roll call was answered by a "Christmas Carol." Christmas stockings were handed in and the amount realised was \$10.00. The Secretary, Mrs. Ray Stewart, gave a report of the year's

work and there was a discussion on the new organization.

Mrs. Jim Milne gave the report of the nominating committee as follows: President — Mrs. Wilfred Spencer. 1st Vice-President — Mrs. Will Rutherford.

Secretary — Mrs. Ray Stewart. Treasurer — Mrs. Ellis Jones. Pianist — Mrs. Ellis Jones. Sunshine Committee — Mrs. Bob Spencer, Mrs. Will Rutherford, Mrs. Gordon Melkjohn and Mrs. Ellis Jones.

Melkjohn read "If You Ask Me — Our Distracted World Needs Quiet."

The meeting closed with prayer by the President and lunch was served by the hostess and lunch committee.

## Mount Pleasant

We wish to extend Yuletide Greetings to editor, staff, correspondents and readers, and may you all have a happy holiday.

The pupils of the two schools, under the direction of their teachers and the music supervisor, Miss Grace Pitman, staged an excellent programme in the Church Hall on Friday evening with a large attendance of parents and friends.

Closing Meeting of W.M.S.

Mount Pleasant Woman's Missionary Society convened at the Church Hall for the closing meeting on Wednesday, December 13th. Twenty-three ladies, Rev. W. G. Fletcher and two pre-school children were in attendance. A lighted tree, a nativity scene and a table set with candles in silver holders added to the worship.

Mrs. Donald Knight and Mrs. Kenneth Weaver were hostesses. Mrs. Garth Joslin was pianist and Mrs. Weaver presided in the absence of the President, Mrs. John Mulheron, who was ill. The service opened with "O Come All Ye Faithful" and the Lord's Prayer in unison. Mrs. Percy MacMullen read her report and fifteen members answered the roll call. The Treasurer, Mrs. Grant Hubble, reported \$264.00 to date. Mrs. Harry McAdam reported \$75.51 for the Mission Band and she has some cards on hand and asked that the miteboxes be handed in.

Mrs. Milford Wrightman reported \$45.00 for the Baby Band and she read a letter from the Dominion Board. Mrs. Don Johnson gave a report of the Supply Department. The balance of \$19.50 was authorized to be added to the allocation.

Mrs. Donald Knight gave a stewardship message and Mrs. W. G. Fletcher read a letter from the Citizenship Secretary of the Presbyterian. Mrs. Ernest Spencer reported 162 house calls and 27 hospital calls for ten months. The Literature Secretary has distributed the last copies of the Missionary Monthly magazine.

Mrs. Burton Sharpe and Mrs. Marguerite McMullen arranged the programme. The devotional was based on Christmas and two carols were sung. Mrs. Will Jeffs read the Bible Lesson. Mrs. Marguerite McMullen read a message "No Room in the Inn." She then gathered the offering which was dedicated by Mrs. Herbert Smith. Mrs. Mac Sharp contributed a piano selection and Mrs. Ernest Spencer read a poem "The Christ Child Comes Once More." Mrs. W. G. Fletcher sang "There Is Room In My Heart For Jesus."

Mrs. Burton Sharpe read a paper based on "Faith" and Mrs. Kenneth Weaver gave a message on "Unity." The purpose and function of the new organization was read and a message from the President of Dominion Board.

Mrs. Percy MacMullen arranged a special candlelighting service and presided over this part of the program.

The five Life Members lit the various candles and the leader read a special meditation for each part. She lit the first white candle in loving memory of a life member, Mrs. George Weaver, who passed to her reward on October 18th, 1961 and gave an outline of her contribution throughout the years, especially during her three year term as president.

The second white candle was lit by Mrs. Frank Jeffs in tribute to the ten charter members who left us a goodly heritage.

Mrs. John Holmes lit the third, white candle in memory of six deceased presidents and all other deceased members throughout the sixty years.

Mrs. W. G. Fletcher lit a red candle in commemoration of the 5 life members and 14 annual members of the W.M.S. for 1961 and for the twelve living presidents.

Mrs. Will Potts lit the second red candle as a dedication to the new United Church Women's organization.

The narrator said "this is an opportunity that we have never had before and it is a challenge to be a charter member of an organization which has a world-wide programme to witness effectively and not count the cost in dollars but in discipleship." She closed with the words of Isaiah, "Whom shall I send and who will go for us?"

Rev. W. G. Fletcher spoke briefly and pronounced the benediction on this last W.M.S. meeting.

Refreshments were served by Mrs. Norman McConnell and Mrs. Robert Merrick and thanks was expressed to all those who had contributed to the success of the programme.
